Compact Fluorescent Lights (CFLs)

The Program offers an unlimited number of CFLs for FREE to interested homebuilders. The Program will ship the CFLs directly to your electrician and pay them \$2 per CFL installed in the home(s). A HERS Rater will then verify the installation of the CFLs during the home certification process. Please indicate your interest in receiving free CFLs from the Program and provide your electrician's contact information.

Yes, I'm interested in having free CFLs installed in my home(s)
